PROJECT PROPOSAL

1. PROJECT TITLE:

MCQ QUIZ GAME

2. PROJECT SCOPE:

MCQ Quiz game is a simple console application that is to be developed with the objective of reducing manual work for managing the Student records.

Here, in the quiz game, the user (Student) is given a set of questions as designed by the administrator (Teacher). The student is supposed to answer the questions in the specified time frame. As soon as the quiz ends, the student is provided with a detailed description of his/her performance in the quiz.

The same result is stored in the form of Result records which describes each student's R.no, Name, Points, Percentage and Grades, hence, helping to keep the records preserved and handy.
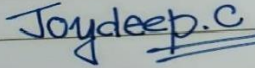

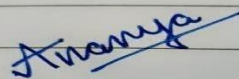

Functionalities provided by MCQ Quiz Game are as follows:

- ✓ **INCREASE IN EFFICIENCY FOR MANAGING STUDENT RECORDS**

- ✓ **PRESERVED AND HANDY RECORDS**

- ✓ **TIME MANAGEMENT**

- ✓ **KNOWLEDGE ENHANCEMENT**
